Mr. Wayne P. Criddle
State Engineer
Capitol Building
Salt Lake City, Utah

Dear Wayne:

I am in receipt of your two letters of January 28, 1963 relative to the problems involved in the interstate distribution of water on the Beaver Creeks in Utah and Wyoming in reference to my recent telephone conversation with you.

??

We will appreciate your offer to assemble some figures on the first two items in your letter and will check into what funds we may have available for this work. Also, we are pleased that Mr. Frank Reese will be with you at the meeting of the Engineering Committee in Denver on February 6th to discuss the financial arrangements.

Yours very truly,

Earl Lloyd
